

Technical Specification

Breaklight Switch „Normally Closed“

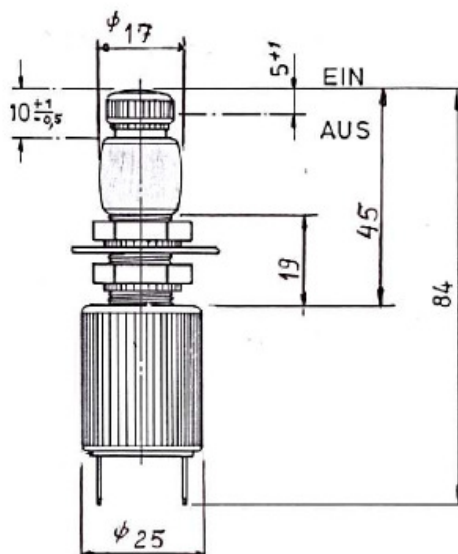

Pneutron Part-No.: 00102001XX

Customer application:

Same Deutz Fahr : 01175755 ; Agco / Fendt : D26733124

- Operating voltage : 12 or 24 Volt +- 30%
- Max. loading : 13A / 12V – 6,5A / 24V
- Number of operations : min. 200.000 at 6X21W
- Environmental temperature : + 80° C - 40° C
- Fall of voltage : < 200 mV
- Operating power : 20N +- 5N
- Contact travel : 10 mm
- Resistant against : fuel,oil,grease,acid, chemicals, UV-light (resistant of age)
- IP class : IP 67
