

Technical Specification

Breaklight Switch „Normally Open“

Pneutron Part-No. : 00103001XX

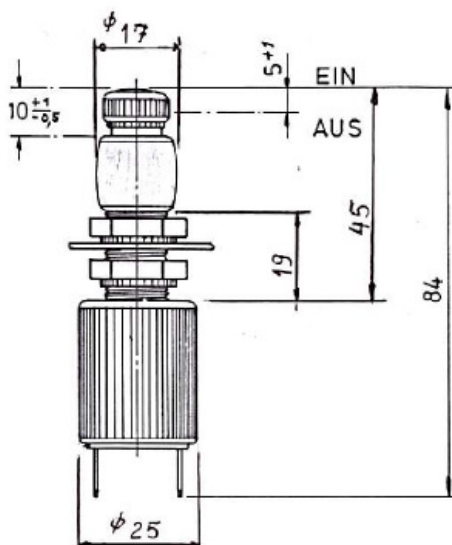

Customer application:

Agco / Fendt : D26733123 ; CNH : 09818685

Same – Deutz - Fahr : 01175754

- Operating voltage : 12 or 24 Volt +- 30%
- Maxim. loading : 13A / 12V – 6,5A / 24V
- Number of operations : min. 200.000 at 6X21W
- Environmental temperature : + 80° C - 40° C
- Fall of voltage : < 200 mV
- Operating power : 20N +- 5N
- Contact travel : 10 mm
- Rsistant against : fuel,oil,grease, acid,chemicals, UV light (resistant of age)
- IP class : IP 67
