

High-Current Relays

0 332 002 159

0 332 002 259

Features

- limiting continuous current 100 A at 85 °C
- heat, moisture, and vibration resistant
- minimal contact resistance
- dust-proof (IP54)

Typical applications for industrial and commercial vehicles

- engine control
- glow plug
- heated front screen
- pre-heating systems
- switches for loading ramps
- start/stop

Part number	Voltage	Current	Lifetime	Function
0 332 002 159	12 V	100 A	>100,000 cycles	Normally Open
0 332 002 259	24 V	100 A	>100,000 cycles	Normally Open
