

Description

This compact and functional CEE adapter power distributor IP 44 is suitable for permanent use in outdoor areas, construction sites and in farms. On the output side, the power distributor offers enough space for three 400V connections (CEE-32A/400V) and enables a wide range of applications. Waterproof protection class IP44, the stable plastic housing protects against splash water, dust and dirt. The power distributor for power current also convinces with the following features:

- Protected against foreign bodies and splash water IP44
- Connection coupling: CEE coupling 400 V / 32 A 5 pole
- Output sockets: 3 x CEE 400 V / 32 A 5 pole with safety hinged cover

Protected against foreign bodies and splash water

- Protection against splash water from all directions

Technical data

- **Max. electr. load capacity:** 22000 W
- **Nominal input voltage:** 400 V
- **With carrying handle:** No
- **Housing material:** Plastic
- **Number of CEE socket outlets total:** 3
- **Number of socket outlets total:** 3
- **Degree of protection (IP):** IP44
- **Suitable for outdoor area:** Yes
- **Width of product (without packaging):** 18,50 cm
- **Weight of product (without packaging):** 1 kg
- **Height of product (without packaging):** 10 cm
- **Length of product (without packaging):** 24 cm
