IS4 designation 1/2:

Mob. LED Akku Strahler CL 600 MA Clip, IP54, 600lm

Short description for the internet:

Brennenstuhl Rechargeable LED Work Light CL 600 MA (600lm, IP54, 6 light modes, LED Torch with magnetic base and 360° swivel joint, robust aluminium housing, max. 39h light duration, USB C)

Website short text:

Rechargeable LED Work Light CL 600 MA with 600lm (LED Torch IP54, 6 light modes, with magnetic base and 360° swivel joint, robust aluminium housing, max. 39h light duration, USB C charging connection)

Print short text:

Rechargeable LED Work Light CL 600 MA, 600lm, IP54

Bulletpoint 1:

Compact LED Light with 600lm and robust aluminium housing with 360° ball head for flexible alignment - ideal for precise lighting in the workshop, home, garden, camping and for outdoor activities

Bulletpoint 2:

Super-bright LED Work Light with 6 light modes: area light 12lm - area light 600lm - spot light 600lm - continuous light in red - flashing light in red and turbo mode 1100lm (by pressing 2x quickly) and a light duration of up to 39h (in the lowest mode)

Bulletpoint 3:

Extremely compact LED Floodlight with IP54 protection (dust and splash-proof), 4 magnets on the underside, clip and strap openings for flexible attachment to metal surfaces, tools, frames or straps

Bulletpoint 4:

LED Flashlight with two operating modes - manual or contactless activation via sensor, ideal when no hand is free or when working in confined, dirty or inaccessible areas

Bulletpoint 5:

The extremely handy LED Camping Light can be easily charged using the 60cm USB C to USB C charging cable supplied thanks to the integrated rechargeable battery (Li-Pol battery 3.7V/1Ah with charge indicator)

**Online description:**

The Rechargeable LED Work Light CL 600 MA from Brennenstuhl is an extremely handy and flexibly adjustable LED Floodlight with 5W output. The foldable and 360° rotatable Torch is ideal for electricians, plumbers, mechanics and anyone who needs a flexibly adjustable light for their work. With a housing made of robust, high-quality aluminium, it is suitable for both indoor and outdoor use. The Mechanic's Light has a switch for the 6 light modes: area light 12lm - area light 600lm - spot light 600lm - continuous light in red - flashing light in red and turbo mode 1100lm (by pressing twice quickly). It also impresses with the following features:

- * Design in a handy and compact pocket format
- * Can be switched on manually or contactless via sensor
- * Multifunctional holding system with magnets on the underside, clip and strap openings for flexible positioning
- * Protection class: IP54
- * Luminous flux: 600lm
- * Power consumption: 5W
- * Colour temperature: 6500K
- * Charging time: approx. 2.5h
- * Lighting duration: 39h (in lowest mode)
- * Charging via 60cm USB C to USB C charging cable
- * Integrated Li-Pol battery 3.7V/1Ah with charge indicator

Website description:

The Rechargeable LED Work Light CL 600 MA is an extremely handy and flexibly adjustable LED work light with 5W output. The foldable and 360° rotatable Torch is ideal for electricians, plumbers, mechanics and anyone who needs a flexibly adjustable, reliable light for their work. With a housing made of robust, high-quality aluminium, it is suitable for both indoor and outdoor use. The Mechanic's Light has a switch for the 6 light modes: area light 12lm - area light 600lm - spot light 600lm - continuous light in red - flashing light in red and turbo mode 1100lm (by pressing twice quickly). Thanks to the integrated sensor, the light can also be switched on and off without contact if required - ideal when no hand is free or gloves are worn. It also impresses with the following features:

- * Design in a handy and compact pocket format
- * Charging via 60cm USB C to USB C charging cable
- * Integrated Li-Pol battery 3.7V/1Ah with charge indicator
- * Multifunctional holding system with magnets on the underside, clip and strap openings for flexible positioning
- * Protection class: IP54
- * Luminous flux: 600lm
- * Power consumption: 5W
- * Colour temperature: 6500K
- * Charging time: approx. 2.5h
- * Lighting duration: 39h (in lowest mode)
