

A night scene at a construction or industrial site. In the background, a large building with a dark, textured roof is visible. Several bright, circular lights are mounted on poles, illuminating the area. In the foreground, a person wearing a cap and jacket is walking towards the right. To the left, a piece of heavy machinery, possibly a forklift or a small truck, is parked. The overall atmosphere is industrial and brightly lit by artificial lights.

LA104211		Work light LED, 90W, 6000lm, rectangular, 10-30V, white, Flood, Deutsch plug, 30 LED's
LA10555		Work light LED, 27W, 3000lm, square, white, 10/30V, Deutsch plug, Wide flood, 9 LED's
LA10016		Work light LED, 25W, 2000lm, round, 10/30V, Ø 117mm, Spot beam, 6 LED's
LA80045		Headlight LED, round, 10-30V, bolt on, Ø 150mm

LED LIGHTS

SUITABLE FOR STEYR

Pos.	Article number	Illustration	Specifications	Suitable for
4, 6	LA10428		LED-work light, 40 W, 4800 lm, Floodlight, Plug type Deutsch 2-pin	Suitable for: CVT / CVX Models
1, 2	LA10556		LED-work light 30 W, 4200 lm. Flood type beam ground illumination	Suitable for: CVT, CVX and other models
2	LA10555		LED-work light, 40 W, 4000 lm, AMP-Connection, Pivot mounting	Suitable for: CVT, CVX
4	LA10420		LED-work light, 54 W, 4100 lm, Floodlight, Built-in model	Suitable for: 4110 PROFi, 4120 PROFi, 4130 PROFi model
6	LA80300		LED-work light, 27 W, 3375 lm, Combination light for close and long range, suitable for installation on the cab roof	Suitable for: older Steyr models, 9080 M, 9090 M, 9100 M, 942, 948, 955, 964, 970, M 9078, M 9083, M 9086, M 9094, M 948, M 952, M 958, M 963, M 968, M 975, 8055, 8065, 8075
6	LA10447		LED-work light, 42 W, 4200 lm, wide Floodlight, Built-in model	Suitable for: CVT, CVX and other models

LED DISPLAY

SUITABLE FOR STEYR

Selling LED work lights has become easy today! This display shows what your customer needs for his tractor to benefit 4-6 times more light output then the original lighting! On the side panels information is given to which models and series it will fit. The dimensions are 845x360x290mm so perfect to show on your parts counter or shop.

Item no:
DISPLEDSR1:
Display for Steyr with mounted lights.

KITLEDsr1:
Display for Steyr with mounted lights including initial stock at special price to start selling right away.

Note; Displays do not offer testing mode as light output can very high. If needed, we can support you with instruction how to do this.
