

INSTRUCTION

LED BEACON

LA20060

SPECIFICATION

Light Source: 12PCS*3535LED

Three Function with Alarm: Rotating, Single Flash, Double Flash,
Alarm : 107DB

Rotates per minute(FPM):125Times/mins

Single Flashes per minute(FPM):125Times/mins

Double Flashes per minute(FPM):250Times/mins

Working Temperature: -20 +50 °C

IP Rating: IP65

Electromagnetic Compatibility: EMC CLASS 3

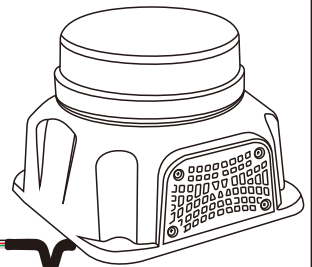

Function Conversion on Wire

Negative Electrode ----- BLACK

Positive Electrode ----- RED

Lamp Function Conversion ---- GREEN

Alarm ----- WHITE

Approved to ECE Regulation 65

Conforms with current applicable
EMC(Electromagnetic Compatibility)
European Standards

Multi-voltage

12/24V
