

PELTOR™
Protection & Communication

Powered by light

3M™ PELTOR™ WS™ ALERT™ XPV
Solar-powered hearing protection headset.

3M™ PELTOR™ is a world leader in the field of communication equipment for noisy environments.

Over 70 years of developing communication headset and hearing protectors has put us at the forefront of safety, comfort and quality.

Key Applications

Handymen in
construction companies

Private contractors
driving machines

Farmers in the
agriculture business

Maintenance workers
in industrial sites

A wide-angle photograph of a dramatic sky at sunset or sunrise. The sky is filled with dark, heavy clouds that are partially illuminated from behind, creating a warm, orange, and yellow glow. The light filters through the clouds, creating a textured and dynamic scene. The overall mood is dramatic and powerful.

Powered by light...

A photograph of a solar panel array at dusk or dawn. The panels are dark blue and arranged in a grid. The sky above is filled with large, billowing clouds that are illuminated from behind, creating a warm, orange and yellow glow. The overall atmosphere is one of renewable energy and environmental sustainability.
