It's that easy.

KRAMP

GWT ▶ by KRAMP

The GWT collection was developed for modern farmers, who will accept no compromises when it comes to functionality and design. The series guarantees excellent comfort, a perfect fit and practical design down to the smallest detail. These clothes are manufactured using the latest nanotechnology to the highest quality and are adapted to suit fashion-conscious users with a variety of intelligent details.

The series has already been tested by other consumers — both in terms of functionality as well as practical design.

GWB ▶ by KRAMP

The GWB collection was specially developed for demanding, dirty work. The series comprises robust, durable workwear with strong fabrics that can withstand daily use all year round. The materials have been tested for the best possible comfort and durability. In addition, the GWB series is designed in such a way that the ergonomic fit allows for complete freedom of movement.

The result is a series that fulfils the highest demands of functional workwear.

GWT

GWT

GWT

GWT

by KRAMP

Regardless of the time of year and place of work, the GWT collection impresses on account of its great design and the functional details it offers. Tested, refined and optimised over a number of years, the collection offers complete freedom of movement thanks to its ergonomic fit. More information can be found on page 2.

GWT stretch trousers

196025502

Product information

60% polyester, 32% cotton, 8% Lycra.
Soft stretch fabric with flame-retardant
Cordura reinforcements on the knees,
trouser leg openings and pocket openings.
The surface uses nanotechnology to achieve
a strong dirt and water-repellent effect.

A belt is included as standard.
Features mobile phone pocket and ruler
pocket available as well as removable holster
pockets.
The leg length can be extended by 6cm by
unpicking the seam.
Trousers with the extra leg length are
supplied turned up and are ready to wear
immediately.

Washing instructions

Wash inside out with similar colours
and with the zip fastenings closed. Do
not use detergents and cleaning agents
containing bleach.

GWT softshell jacket

196280012

Product information

100% polyester.
GWT softshell jacket with reflective details.
The material can be stretched in all directions.
The design focuses on functionality and comfort, with the jacket featuring cool zip pullers in contrasting colours on the breast pocket zips. Zip pullers in neutral colours are also included. The colour of the jacket gradually varies from light to dark — a fashionable detail that enables the jacket to be worn for both work and leisure-time activities.

The jacket is windproof, water-repellent and breathable.
Stress: 5000-mm water column
Breathability: 3000 MVP

GWT canvas pilot jacket

196115601

Product information

100% polyester canvas.

The new GWT pilot jacket combines intelligent design elements with the tried-and-tested functional mobile phone pocket and a number of reflective details at the front and back. Ribbing on the sleeves and the elasticated waist give the jacket a stylish look.

The storm flap relieves the load on the front zip fastening and protects against dirt and damage.

A wonderfully soft fur lining in the collar and the warm fleece lining in the pockets make the jacket particularly comfortable. Inside, the jacket features a zip pocket, glove pocket and a mobile phone pocket. Stress: 5000-mm water column. Breathability: 3000 MVP

GWB fleece jacket with membrane

196264800

Product information

100% polyester fleece — Tech fleece
The jacket is soft and comfortable and is made from a waterproof, 3-layer material, and is therefore 100% windproof and breathable.
This makes it ideal for work in both indoor and outdoor areas.
The material consists of three parts: soft, brushed micro-fleece made from 100% polyester on the inside and outside, with an ultra-thin polyurethane film in the middle that holds the layers together and ensures that the material is water-repellent and windproof, while also being breathable and suitable for active users.
The fleece jacket combines functionality and modern design.

It has a comfortable fit with an extended back and new, attractive contrasting colours. It also has many small details such as sleeve adjustment and an adjustable waistband with an elastic cord at the waist.
Stress: 5000-mm water column
Breathability: 3000 MVP

Washing instructions

Wash inside out with similar colours and with the zip fastenings closed. Do not use detergents and cleaning agents containing bleach.

XS-4XL

GWB softshell jacket

196280030

Product information

94% polyester, 6% elastane.
Fashionable softshell jacket for work and leisure.
The classic design is equipped with functionality that is expected of practical outerwear — including a polyurethane membrane that makes the jacket water-repellent. At the same time, the softshell jacket is also windproof and very comfortable. The inside of the back is made from soft fleece. The jacket has many small details — a particularly eye-catching feature is the contrasting stitching.
Stress: 5000-mm water column
Breathability: 3000 MVP

GWB pilot jacket

196115300

Product information

100% polyester, 240 g/m².

The classic pilot jacket in a new, contemporary design.

With intelligent and practical pockets for mobile phones, tools and whatever else.

Thanks to the storm flap, the zip fastening is protected from damage and dirt. The jacket is extremely robust and suitable for work in any weather, as it is windproof and water-repellent.

The collar and body of the jacket are lined with fleece and the sleeves are padded.

Stress: 5000-mm water column

GWB winter overalls

196145300

Product information

100% polyester, 240 g/m².

These classic winter overalls have been revised and now have intelligent and practical pockets for a mobile phone, tools and much more.

The elasticated back makes the worksuit very comfortable.

With integrated pockets for knee protectors, 2-way zip fastening at the front and sturdy zip fastenings on the outsides of the legs.

The worksuit is well suited to all kinds of work in the open under any weather conditions. It is windproof and water-repellent.

The jacket also has ventilation under the arms and the front zip fastening is protected from damage and dirt.

When it gets extremely cold you can use the included hood. This worksuit is a real workhorse. Despite its robust outer, the collar of the worksuit is lined with fleece and the body and sleeves are padded.

Stress: 5000-mm water column

Socks

A sock is no longer just a sock.
Moisture-wicking, anti-bacterial,
a perfect fit and excellent comfort
are key words for our range. Find
your favourite sock — your feet will
thank you for it!

Socks

GWT trekking socks

Black/light grey.

35% merino wool, 35% polyacrylic, 15%, Coolmax, 13% Prolen Siltex and 2% Lycra.

A comfortable sock with knitted ventilation channels for improved moisture-wicking and heat dissipation.

The merino wool ensures excellent heat insulation, breathability and long-lasting dryness. Prolen Siltex is based on biogenic silver ions (Ag+) and inhibits the growth of bacteria, fungi and moulds. Coolmax wicks away moisture and ensures dry feet. The sock has a knitted elasticated band on the instep, which means the sock sits well on the foot and does not twist.

Sizes: 39–42, 43–46.

19648894089xxx

Socks

GWT outdoor socks

Light grey/black.

8% Amicor, 15% Coolmax, 14% Polyamide, 11% cotton and 2% Lycra.

An attractive sock with knitted ventilation channels for improved moisture-wicking and heat dissipation.

Amicor is an acrylic fibre with

anti-bacterial and anti-fungal properties.

Coolmax wicks away moisture and ensures dry feet. The sock has a knitted elasticated band on the instep, which means the sock sits well on the foot and does not twist.

Sizes: 39–42, 43–46.

19648893089xxx

GWT Coolmax Active

Black/grey.

88% polyamide, 10% Coolmax, 2% Lycra.

Coolmax Active wicks away moisture and ensures dry feet.

The sock has a high UV resistance and an anti-bacterial surface that absorbs odours.

A comfortable, high-quality sock for everyday life and for physical activities.

Sizes: 39–43, 44–48.

1964888600xxx

GWT socks

Green or black/grey.
