## Anaerobic sealing material

---

### PRODUCT SPECIFICATION

Loctite 570 steam sealant  
Thread sealing for permanent metal pipe thread connections  
Pressure class 8

---

### APPLICATION AND USE

Sealing material for metallic threaded joints for use in gas installations for 2<sup>nd</sup> and 3<sup>rd</sup> family gases according to NEN-EN 437 and in hot water heating systems for gas- and water pressure up to and including 8 bar

---

### MARKING

- GASTEC QA trademark.
  - Name or trademark manufacturer
  - Production date or unique code
  - Instruction for processing and storage
  - Safety indications regarding storage and processing
  - Packaging shall show: Pressure class 8
  - Entry in Dutch language: "only for metal pipe thread connections"
- 

### RECOMMENDATIONS FOR END USERS

Check at the time of delivery whether:

- the producer has delivery in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport.

Consult the producer's processing guidelines for the proper storage and transport methods.

Check whether this certificate is still valid by consulting Kiwa Nederland B.V. or the Kiwa website.

If you should reject a product on the basis of the above, please contact the supplier and, if necessary, Kiwa Nederland B.V.
