

MEASUREMENT INSTRUCTIONS

The secret to work clothes that fit: the right size

To determine the right size, you can make use of the measurement instructions HAVEP provides. That will ensure a clear systematic measurement and the right choice in sizes. And happy work clothes wearers.

Please contact your HAVEP Account Manager for more information.

A. Body length

Measured vertically from the crown to the floor, without shoes.

B. Neck

Horizontally measured above the cervical vertebra and below the Adam's apple, with two fingers held between the tape measure and the neck.

C. Shoulder width

Measured from the neck to the end of the shoulder.

D. Sleeve length

Length size with a slightly bent arm, from the end of the shoulder, across the elbow, to the desired sleeve length.

E. Chest

Horizontally measured across the body at the point where the chest is the fullest.

F. Waist

Horizontally measured across the body, at the smallest point between the chest and the stomach.

G. Stomach

Horizontally measured across the point where the stomach is the fullest, usually across the navel.

H. Belt

Measured across the point where usually the trouser waist is.

I. Hips

Horizontally measured around the hips, across the buttocks.

J. Thigh

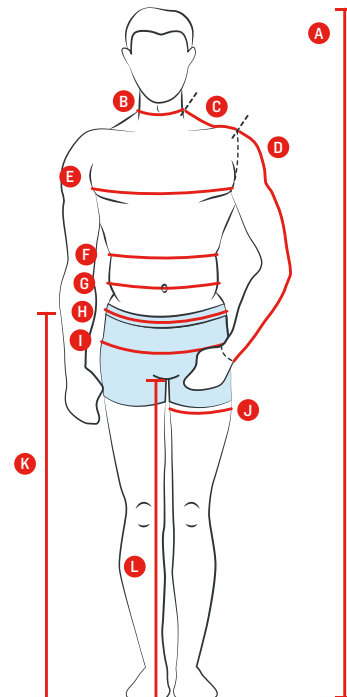

Horizontally measured around the thigh at its widest point.

K. Belt-foot length

Measured vertically at the side of the body from the trouser waist to the floor, without shoes

L. Inside leg

Vertically measured from the crotch to the floor, without shoes.
